Dear PJ

Now that the 2005 National Gynaecological Day is over, I wanted to write and thank you for your support of the *Great Gynae Day Out* in Perth.

The *Great Gynae Day Out* was a big success and we have had excellent feedback from all of those who were involved and attended the day. The band's contribution made the day even better and was perfect for the type of atmosphere that we wanted to create. I know Kylie was very grateful for your help in shifting the schedule at the last minute and the huge effort that you made to get there on time!

PJ, I do hope that we can work together again in the future and on behalf of the GAIN Committee, can you please pass on my thanks to all of the band.

Kind Regards

Natalie Jenkins
