The Australian Federation of Graduate Women (AFGW) is an organisation of and for graduate women and is one of 70+ member nations of the International Federation of University Women (IFUW) that has consultative status with the United Nations and its specialised agencies, including UNESCO. Graduate Women WA is the Western Australian branch of AFGW.

AFGW is an apolitical, non-government organisation (NGO) through which Australian graduate women have their voices heard on issues of importance, such as education, human rights, peace, the environment, and the status of Women. We make submissions to the Australian Government and as part of two consortia – Womenspeak and Security4women – our representatives meet regularly with the federal Office for Women.

AFGW's and IFUW's workshops, seminars, conferences, tours and activities provide for broader understanding and personal development as well as being opportunities for networking and fellowship.
